EDUCATION

- **Maulana Azad National Institute of Technology, Bhopal** 2023-27
B.Tech. Electrical Engineering CGPA/Percentage: 7.63
- **Kendriya Vidyalaya No.1, Satna MP** 2021
CBSE Board 12th CGPA/Percentage: 79
- **Kendriya Vidyalaya No.1, Satna MP** 2019
CBSE Board 10th CGPA/Percentage: 86

PERSONAL PROJECTS

Campus Marketplace | Campus Peer-to-Peer Task Marketplace

- Developed a full-stack campus marketplace enabling students to post, browse, and manage tasks through a responsive web application.
- Implemented secure authentication and authorization using Spring Security and JWT, protecting REST APIs and user-specific resources.
- Built complete CRUD functionality for task creation, editing, deletion, search, and personalized dashboards.
- Designed a scalable backend using the Controller-Service-Repository architecture with MongoDB for clean and maintainable code.
- Structured the application to support future features including task applications, proof submission, ratings, notifications, and messaging.
- Implemented task search and filtering features, enabling students to quickly discover relevant opportunities based on their requirements.
- **Tools & technologies** : React.js, Tailwind CSS, Spring Boot, Spring Security, JWT, MongoDB

Influencer Connect | Creator Collaboration Platform

- Developed a full-stack platform enabling influencers to create public profiles and receive collaboration or meeting requests from users.
- Implemented secure authentication and authorization using Spring Security and JWT with protected REST APIs for profile and request management.
- Built a collaboration request workflow allowing users to submit meeting requests with purpose, budget, preferred date, and message while influencers manage incoming requests.
- Designed a scalable backend using the Controller-Service-Repository architecture with MongoDB, supporting profile management, request tracking, and dashboard interfaces.
- Developed responsive dashboards for influencers and users to manage profiles, collaboration requests, and request status efficiently.
- Developed advanced profile discovery features, allowing users to search influencers based on category, platform, and collaboration preferences.
- **Tools & Technologies**: React.js, Tailwind CSS, Spring Boot, Spring Security, JWT, MongoDB

TECHNICAL SKILLS AND INTERESTS

Languages:Java, JavaScript

Frameworks Libraries:Spring Boot, Spring Security, React.js, Node.js, Tailwind CSS

Cloud/Databases:MySQL,MongoDB (Atlas)

Developer Tools:VS code,IntelliJ IDEA,Github,Postman

LEADERSHIP AND INVOLVEMENT

Co-Coordinator(SPIC MACAY)

- Led a team of 52 students in organizing a large-scale cultural event by coordinating logistics, volunteer management, artist interactions, and event execution, contributing to the promotion of Indian classical music, culture, and heritage among youth.

Event Coordinator | Techno Fest

- Successfully managed a large-scale campus techno fest with 7,000-8,000 attendees by coordinating logistics, technical setup, volunteer teams, vendor support, and on-ground operations, ensuring seamless event execution.
